SAUNA ACCESSORIES

At SteamX, we understand that the perfect sauna experience is a unique journey for every individual. Our commitment to craftsmanship and innovation allows us to offer a wide range of sauna designs tailored to meet the diverse needs of both residential and commercial clients.

From contemporary, minimalist aesthetics to classic, natural styles, our saunas are available in a variety of designs and wood types, carefully curated to elevate your sensory escape. But what truly sets SteamX apart is our ability to create custom-made saunas, meticulously handcrafted in our own facility to bring your vision to life.

Sauna Heater

Variants:

Model No.	kW	Room Size m ³	Stone capacity max.kg	Weight
SNA-D1	4.5	5-10	20	16
SNA-G1	7	8-14	20	16
SNA-I1	9	9-18	20	16

While numerous wood varieties are available, SteamX meticulously selects premium pinewood for its unparalleled ability to withstand the demanding sauna environment while retaining exceptional natural beauty and durability. All SteamX saunas are handcrafted and fully customized to meet each customer's individual needs.
